This map was compiled
 by asking all the Scottish
 Potters Association (SPA)
 members in early 2011
 that have a workshop or
 shop open to the public in
 Scotland to give us their
 opening details. Please be
 aware that many potters
 work on their own and
 sometimes have to close
 their workshop at short
 notice, so it is always
 advisable to call ahead
 and check opening times.

For more information
 on the SPA check our
 website.
